WHITE PAPER

LEGAL DISCLAIMER

It is required that you read this legal disclaimer section carefully. If you have any doubts, get advice from legal, financial, taxation, or other competent law practitioners. All of the information provided here is not intended to be complete, and it should never be construed as a part of different contractual arrangements.

It is our firm conviction that the information provided in this white paper is accurate and up to date and that all products, services, technical architecture, token distribution, and company timelines are accurate and up to date. Furthermore, all of these materials may have changed without notice, and they can never be considered a signatory agreement of advice.

No Advice:

This white paper does not obligate anybody to sign a contract or make a legally enforceable commitment to contribute. This white paper also does not constitute any form or part of any opinion that can be construed as advice, or that can be used to sell or solicit any offer by Trillions to purchase our token, nor shall it be construed as a part of any effect that can be used in the formation of a contract or an investment decision.

Compliance with tax obligations:

Users of the Website are entirely responsible for determining what, if any, taxes, if any, apply to their transactions. The Website's owners or authors are not responsible for determining which taxes apply to transactions.

Limitation of liability

Fusion coin shall not be held liable for any loss or harm resulting from the use of this website's material, including written material, links to third-party sites, data, quotations, charts, and buy/sell signals. Please be fully informed about the dangers and expenses of trading assets on the financial markets (digital or otherwise). ICOs, in particular, is one of the riskiest investing options. There's a chance you'll lose your whole investment.

Investment risks

Trading cryptocurrencies have a high level of risk and is not suited for all investors. You should carefully evaluate your investing goals, level of expertise, and risk appetite before opting to trade cryptocurrencies, tokens, or any other digital asset.

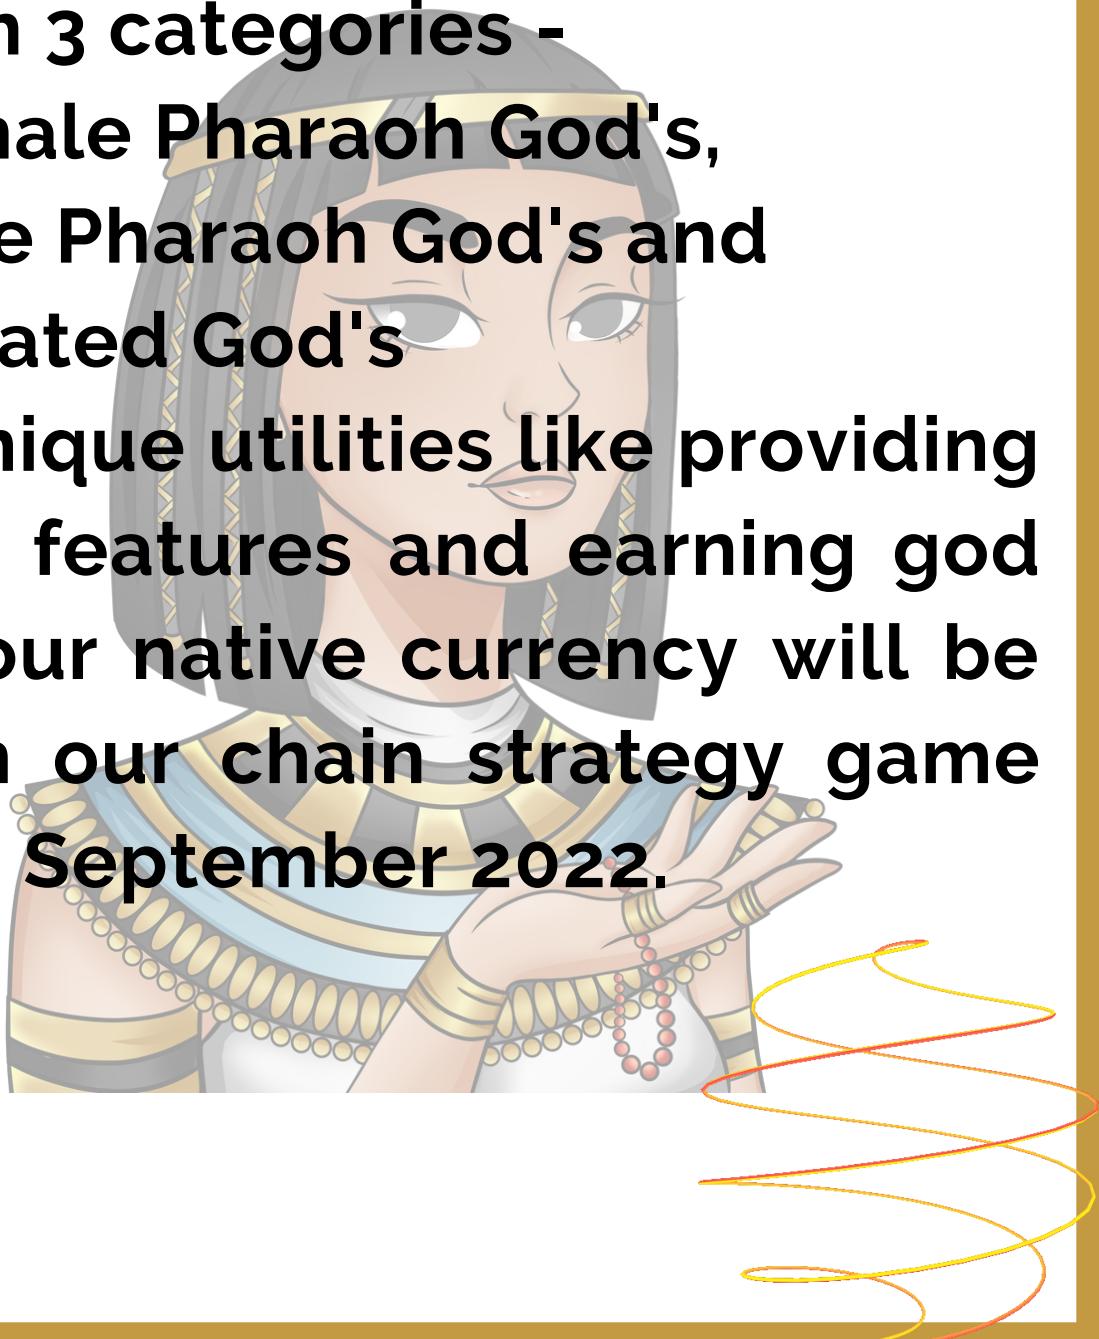

Abstract

Pharaoh God's club (PGC) a set of 5555 custom-designed NFTS made in 3 categories -

- Female Pharaoh God's,
- Male Pharaoh God's and
- Mutated God's

With unique utilities like providing staking features and earning god coins, our native currency will be used in our chain strategy game coming September 2022.

Introduction

Inspired by the art of some of the best street artists in the land of the pharaohs and one of the leading business development minds we represent Pharaoh God's club.

A collection that combines the skills of street art with Blockchain technology providing 5555 unique pharaohs of God's trying to share to the world the talents of these street artists.

Using the web3 technology our founders have decided to create an ecosystem that benefits all ends from investors to the team behind the curtains.

VISION

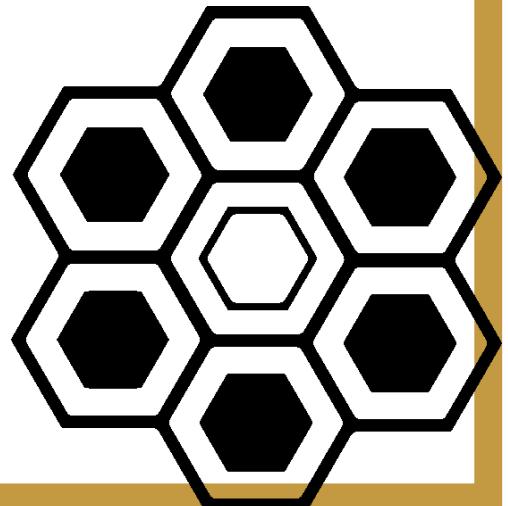

- PGC had a vision of representing the ancient culture with a modern twist
- Benefit that street artists by taking their work mainstream
- Developing our own onchain game and token to reward investors with staking features
- Exclusive access to our paid onchain game dropping october 2022
- And other exclusive events within the PGC ecosystem to please all sides and raise the value of the NFT from being just street art to an actual share or stock in PGC, with a limited supply of only 5555 NFTs .

ONCHAIN GAME

Our onchain game is a strategy game that is like clash of clans but it will be a paid game.

only free for NFT holders where you will use your character as a game character build your own kingdom and even hire other players to help you with your missions and quests.

users will be able to sell their NFTs in the game for non-holders as characters or game pass to play the game in the form of God coin, our native token that serves as our currency within our ecosystem

Raising the value of each and every nft as it's like your game pass and non holders have to pay subscription to access the game , those funds will be used as a liquidity for our stacking feature which will go live after the game drops

Stacking in PGC will be live when our game goes live where holders can stack there pharaohs In one of the kingdoms owned by 1 of the 20 legendary God's that will be randomly minted when we go live, meaning people who will mint a legendary god he will also win a kingdom in our onchain game

There are 20 legendary God's and 20 kingdoms in our game

So meaning they are the rulers and kings other Normal male and female pharaohs will not mint a kingdom they will only be able to stack there nft in one of those kingdoms to earn our native token god coin

GOD's COIN

Road map

The team has set a road map and rules that will guarantee good chart movement and returns for investors like allocating **30% of mint sales** in community wallet that will be used to buy back from paper hands who dump projects by listing lower than mint price and use them for giveaways, Collabs and other events that benefits the community.

Road map

Stop 1—Awakening the pharaohs

- Pharaoh gods club will be launching in april 2022
- 5.555 unique PGC godswill be joined into this journey
- 1500 will be a whitelist mint for early supporters and OG'S minting at a lower price.
- 4000 will be available for Public mint 48 hours after WL sale.
- 72 hours after public sale, the mystery of the pharaohs will be revealed

We have 20 legendary God's those who mint one of the gods will enter a free trip and ticket for 2 raffle to visit the land of the pharaohs and will also mint a free kingdom that will be there's to build in our onchain game and stacking feature.

5% of mint sales will be given to a charity that helps affected people in Ukraine due to war, this will be done in a voting manner so the community decides to which organisation should we give.

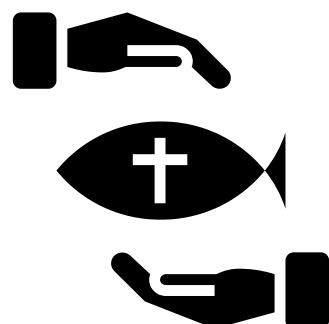

Stop 2— Let's feed on the weak.

After the launch of PGC, we will be setting 30% of mint sales in community wallet that will be used to buy back gods from paper hands making sure our chart never goes below mint price and those nfts will be used in form of giveaways, Collabs and marketing use to help grow our popularity

Stop 3— Gift the Gods

As well believe that all gods should be gifted holders we launch our native currency God coin that serves our ecosystem, holders will be able to stack there nft in one of the 20 kingdoms run by the legendary God's minted earning god coin as a passive weekly income . This will happen in May 2022 a month after minting.

Stop 4— Let the games begin

At this stage, we expect to have surpassed 10k discord and Twitter member and will now launch our paid to play onchain game that will be free and exclusive for PGC holders as there nft will be an in-game character which he will use to create subkingdoms under the command of the legendary gods and increase the wealth and power of the guild in a strategy RGP game build on a high level brought to you by members of the team who created soul knight a game on play store. Outsiders will have to pay to play and holders can list their gods in-game and sell it to others for god coins

Stop 5 - Pharaoh God's DAO

As we believe that the power is in the hands of the people we will launch our DAO dapp where all gods get to vote on project decisions and much more to get everyone involved and shape our future together.

Stop 6 - God's marketplace

After launching our game in late September 2022 we will proceed with the last step of our road map where we will launch our own marketplace that will be used to sell and buy nfts, in-game purchases and even gets other projects to list their collection in our store where all transactions are done using our native token god coin to increase coin usage and awareness.
